

CHANDRU R

SOFTWARE ENGINEER

Bengaluru, India / Remote Planetary Station | itismechandru247@gmail.com | GitHub: github.com/Chandru-247 | LinkedIn: linkedin.com/in/chandru-r-1a93a03b3

PROFESSIONAL SUMMARY

I am a passionate computer science engineer with a deep fascination for algorithms, scalable architectures, and cosmic aesthetics. With a strong foundation in Java, Data Structures & Algorithms, Object-Oriented Design, and modern web frameworks, I build resilient applications that traverse the boundaries of speed and elegance.

EDUCATION & CAREER JOURNEY

Bachelor of Engineering in Computer Science & Engineering 2025 - 2029
Prince Shri Venkateshwara Padmavathy Engineering college CGPA: 7.98 / 10.0

• Specialization in Distributed Systems, High-Performance Computing, Cloud Architectures & Advanced Data Structures.

Higher Secondary School Certificate (Class 12 - PCM & CS) 2024 - 2025
K.A. Nachiyappa Government Boys higher Secondary School Percentage: 90.17%

• Distinction in Physics, Chemistry, Mathematics & Computer Science. Science & Math Olympiad Ranker.

Secondary School Examination (Class 10 - SSLC) 2022- 2023
K.A. Nachiyappa government boys higher secondary school Percentage: 84.8%

• School Academic Distinction with 100/100 in Mathematics. State Science Exhibition Finalist.

TECHNICAL SKILLS

- **Languages:** Java, JavaScript (ES6+), TypeScript, Python, C++
- **Core CS:** Data Structures & Algorithms, Object-Oriented Programming (OOP), System Design & Architecture, Database Management (DBMS)
- **Frontend:** React.js, HTML5 & Semantic Markup, CSS3 & Modern Animations, Tailwind CSS
- **Backend:** Node.js, Express.js, MongoDB & Mongoose, RESTful API Engineering
- **Tools:** Git & GitHub Version Control, VS Code & Dev Environment, Docker & Containerization, Postman & API Testing

KEY SOFTWARE PROJECTS

CERTIFICATIONS & MILESTONES

- **AWS Certified Cloud Practitioner (CLF-C02)** Amazon Web Services
- **Advanced Data Structures & Algorithms in Java** HackerRank & Coursera Specialization
- **Meta Front-End Developer Professional Certificate** Meta (Facebook)

Target Direction: Currently pursuing advanced distributed computing, full-stack microservices architecture, and high-frequency algorithms (650+ DSA solved). Actively preparing for top-tier software engineering mission opportunities.
